**Attachments:** 180607\_CRU\_Draft Site Specific QAPP.pdf

Dan,

Attached please find the Draft Site-Specific UFP Quality Assurance Project Plan for the Removal Assessment to be performed at the Canadian Radium and Uranium Corp. Site. This plan covers the ground radiological survey, radon and soil sampling activities to be conducted at the Site. Since the date of the Removal Assessment is yet to be determined, information regarding sample analysis and analytical services are not included. I apologize for the delay in getting this deliverable across to you.

If you have any questions please let me know.

Thanks,

*Ben Nwosu*
